LAMINATE COLLECTION 7350

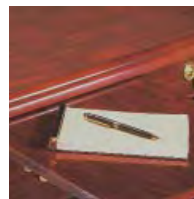

Traditional Styling - Decorative wood accent mouldings, recessed modesty panels, and decorative swinging bail hardware come together to create a rich traditional look.

Function - All drawers are suspended on quality, metal ball bearing slides. File drawers are fully extending to allow easy access to the entire drawer. File drawers are equipped to accept front-to-back or side-to-side letter or side-to-side legal sized hanging file folders.

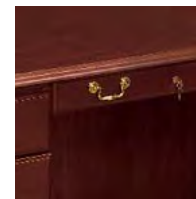

All cases are equipped with levelers to adjust for less than even flooring.

Computer applicable furniture features grommets or other openings that facilitate neat and easy management of computer cables.

Convenient Working Area - Large writing surfaces allow plenty of room to spread out your work.

Desks include convenient pull-out writing boards for an expanded work surface.

All executive desks feature quality engineered plunger, central locking system for added convenience. All file cabinets have individual file drawer locks for security and flexibility.

Traditional integrity is inherent in the attention to detail with our Governors series and with an expansive line offering in an Engraved Executive Mahogany finish, Governors provides solutions to any office environment. Solid wood mouldings and bases, mitred edges and swinging bail drawer pulls are true indications of traditional styling. Desks feature pull-out writing shelves for extra work surface area. Central locking conveniently locks all drawers with the turn of a single key.

Construction - A richly Engraved Executive Mahogany finish on a construction of wood, medium density fiberboard, veneer and other wood products. All top surfaces are high pressure laminate to help protect work surfaces against scuffs, stains and moderate heat.

All other exposed surfaces are protected by DMI's multi-step TOP GUARD® finishing process to guard against stains and scratches from everyday use.
